

This guide will show you how to change your default PDF Viewer to Adobe Acrobat DC. Each step is referenced with a number in the pictures below.

(Step 1) Browse to a pdf file on your PC and right click on it

(Step 2) Select “Open with” in the pop up menu

(Step 3) Then select “Choose another app” on the sub menu

(Step 4) Choose Adobe Acrobat Reader DC

(Step 5) Make sure to check the box to “Always use this app to open pdf files”

(Step 6) To finish click Ok

You should now be able to open pdf’s with Adobe Reader by default
